

## WOMAN'S MISSIONARY SOCIETY

District Meeting Well Attended by Earlington People—Miss Head Coming

A goodly number of Earlington people attended the sessions of the Woman's Missionary Society of the Henderson district, M. E. Church South, held at Madisonville Wednesday and Thursday of this week. Mrs. O. H. Murphy delivered the address of welcome Wednesday morning. A number of interesting papers and discussions were had upon various subjects bearing upon mission work in all its phases. Among the principal papers presented at these meetings was that by Mrs. W. L. Morrison, of this place, "An Unappreciated Opportunity" which she read yesterday afternoon. Miss Mabel Head, secretary of the organization for Woman's Missions for the entire Southern Methodist Church was present during the several sessions and took leading part in the program much to the edification of those in attendance. Delegates were there from all over the Henderson District. Miss Head's principal address was delivered Thursday evening on which occasion a considerable percentage of the audience was made up of Earlington people. Miss Head has promised to visit Earlington soon and the local Woman's Missionary Society expect to make of her visit an occasion of importance in the work of the church at this place.

### Avoid Sedative Cough Medicine

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicine that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Remedy is used. It has a world wide reputation for its cure. It contains no morphine or other sedative. For sale by all Dealers.

### 10 CENT "CASCARETS" STRAIGHTEN YOU UP

Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by morning

Get a 10 cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out to-night and keep them out with Cascarets. Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10 cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

## Birthday Party Given by Bro. and Mrs. Howard J. Brazelton

On Thursday afternoon the Parsonage was a place of much merriment, when in honor of the birthdays of Howard Brazelton, Jr. and Helen Loyd Browning, Bro. and Mrs. Brazelton entertained from 4 to 6.

In spite of the inclemency of the weather, sixteen little folks arrived in excellent spirit and enjoyed very much the games of childhood which never grow old.

About five-thirty Mrs. Brazelton asked Howard and Helen to lead the children into the dining room which was beautifully decorated in green and white. The center piece was an artistic French basket of white carnations and ferns, while ropes of smilax and white crepe paper were festooned from the chandelier to the table. At either end of the long table, which was almost covered with ferns and smilax, a beautiful white cake, one with ten another six white and green candles were placed. Each child was allowed to blow out one of these after they had sung one verse of the "Little Star" song. Brick cream and angel cake were the delightful refreshments.

As the hour drew near for their departure there were many expressions of enjoyment and good wishes for other birthdays. As each child started home Howard presented them with a carnation for their mother.

Those present at this enjoyable little affair were:—Cynthia Watts, My Lillian Fish, Clara Cloyd, Sarah Beth Mothershead, Eleanor Arnold, Earnestine Renfro, Mary Eloise Renfro, Edith Owen Sisk, Margaret Rogers, Margaret Coward, Helen Browning, George Thomas Baldwin, Nelson McCreary, Curtis Rule, Dillman Rash, Dudley Sisk and Howard Brazelton.

### BRIEF AND BREEZY.

President Wilson ought to realize that while very few members of congress are farmers, all of them have fences to look after.

Secretary Daniels continues to justify the claim of his friends that he is the biggest gun of the navy. Other upstarts admitted that diamonds are going to be cheaper soon. Some people are so busy preaching that they never find time to practice what they preach.

It is alleged, rumored, reported and stated by those who are in a position to speak with authority that the tango is being danced in the servants' hall at Buckingham Palace. What effect this news will have on the dancing customs of the English-speaking world is of course problematical.

The trouble with some men is that they never learn how little they know until it is too late to learn anything else.

While hanging a picture the other day a New York man fell and broke his neck.

Husbands, tell your wives about this. We would rejoice over the exit of these summer skirts if we were not afraid of what they will be next season.

It won't do to judge a man by his automobile. Some mighty cheap men ride in high-priced cars.

## COD LIVER OIL AND IRON

### Two Most World-Famed Tonics Combined in Vinol.

Cod Liver oil and Iron have proved to be the two most successful tonics the world has ever known—Iron for the blood and the medicinal curative elements of cod liver oil as a strength and tissue builder for body and nerves, and for the successful treatment of throat and lung troubles.

Two eminent French chemists discovered a method of separating the curative medicinal elements of the cod's livers from the oil or grease which is thrown away, but to these medicinal elements tonic iron is now added, thus combining in Vinol the two most world-famed tonics.

As a body-builder and strength creator for weak, run-down people, for feeble old people, delicate children, for restore strength after sickness; and for chronic coughs, colds, bronchitis or pulmonary troubles we ask you to try Vinol with the understanding that your money will be returned if it does not help you.

P. S. For pimples and blotches try our Sano Salve. We guarantee it.

The most surprising thing about it all is that the prevailing style in women's dress has not caused a falling off in the number of marriages.

Dec. Sun might do worse than coalesce with the Mauchus in forming a Chinese Bull Moose party. That famous writer of baseball serials, Mr. Christy Mathewson, is now probably kicking himself because he didn't hold out for 30 cent a word.

Why not have congress in continuous session and allow the President to issue notices for vacations?

Emperor William of Germany owns a cafe, but he has never yet delivered a Chautauque Lecture. A girl never accuses the "right young man" of petit larceny when he tries to steal a kiss. No never.

The Hon. Oscar Underwood is respectfully reminded that it has been a long time since a United States Senator was elected. President Woodrow Wilson though confident of the beneficial effects of extra session legislation, is still hearing from the "it can't be done club."

### General Baptist Association Closes.

The 74th Annual Session of the Union Association of the General Baptist that met at the Baptist Church of this place, Oct. 18, and closed Sunday the 19 was well represented. There being 144 delegates and the ministers and visitors men to the two hundred mark, and the large crowds of Earlington people that came to the services from time to time filled the church to its utmost capacity, and many had to go away. The great meeting proved to be one of much interests in many ways. The preaching was of the best, the singing excellent and the worship very spiritual and the welcome address by Hon. Frank D. Rash was fine and well received by the delegation and visitors and all went away realizing the fact that Earlington is one among the best towns of Kentucky and the members of the General Baptist church appreciate the kindness of the few members of the other churches of town who assisted in caring for our people.

### "Bought and Paid For"

William A. Brady, who can always be relied upon for the best, is sending us "Bought and Paid For" by George Broadhurst, recognized in the theatrical world as the most interesting work from this author's pen.

It seems to be like a man's plan and a woman's play, appealing with pretty nearly equal force to both sexes. Most women believe that they would do as Virginia Stafford, does when her millionaire husband comes home over-charged with champagne and forces his caresses upon her. On the other hand, most men think that while in Robert Stafford's place they would never submit to flat dictation on the point of swearing off champagne forever. Thus there is something for most married couples (and some intending marriage) to discuss over the supper table after the performance, and discussion is good for the mind.

The play has been one of the pronounced successes of the past two seasons. It is being brought here by a company which everywhere this season has been greeted by big houses and giving great pleasure.

"Bought and Paid For" will be at Garrick Theatre Madisonville Tuesday night Oct. 28.

### A Marvelous Escape

"My little boy had a marvelous escape," writes P. F. Bastians, of prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." For sale by All Dealers.

"Logging Engineering." A chair of "logging engineering" has queer sound, but out in Washington the lumbermen insist that they need it in the state university in their business. There are possibly in some eastern colleges professorships more impressively titled than are not of as much practical value.

## SCHOOL ENTERTAINMENT

### A Great Success—A Large Crowd Being Present

One of the most unique entertainments was given by the school Tuesday night. "Fun on The Podunk Limited," which was gotten up by Miss Elizabeth Martin, who makes this a profession, and was most creditable to all who took part. The opening drills: "The Night Shirt" by fifty little boys, and the "Jing-a-boo Man" by as many little girls captivated the audience. Music by Miss Anna West. The Podunk Limited came on-time with many interesting passengers.

The first to arrive were Mrs. and Mrs. Boggs and Mary and Tom. These were among the star actors, the parts being played by Edgar Arnold, Miss Ethel Oldham, Sue Wade Davis and Lyonel Rea, who kept the audience in an uproar of laughter as they acted their parts to perfection.

Grandma and Grandpa Wiggins were among the best and well suited for their parts as was Miss Prim who in her sweet girlish manner was most pleasing. Mrs. Herby with her numerous remedies; was most amusing. The Swede girl, Chinaman and Irish woman were pleasing, both in costume and manner. The fond mother and young society girl Miss Highstyle were most natural characters. Miss Stutterly, Mrs. Deafly and the fat man were among the most unique figures. Both the Suffragette and daughter well suited their parts and were fine. But the most captivating was the bride and groom who performed as newly-weds usually do, unconscious of anyone living but themselves. The conductor, newboy and porter were as natural as if they were the real ones on the L. & N. As the limited reached Podunk of a never-to-be-forgotten journey, the musical men played "Turkey in the Straw."

The Western chorus which was composed of eight girls was very attractive; being dressed in the western costumes. Music by Miss Grace Martin.

One of the most attractive features was the part on the program, "Little Miss Up-to-Date." Almost sixteen boys and girls took part in this. All the girls were dressed in white and pink evening caps and muffs. The boys wore evening costumes. Sarah and Tommie Featherston sang the verses and the others joined in on the chorus. There was one of the most beautiful drills ever seen here. Mrs. W. K. Nisbet presided at the piano. A large crowd witnessed this performance and a neat sum was realized.

### Women Who Get Dizzy

Every woman who is troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney troubles should use Mestrie Bitters. They give relief and nothing else will improve the health, adding strength and vigor from the first dose. Mrs. Laura Galves, of Avoca, La., says: "Four Doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good." Just try them 50c. and \$1.00 at all druggists or by mail. H. E. Bucklin & Co., Philadelphia or St. Louis.

## Steel Coaches Coming But it Takes Time

Recent authoritative information  
is that the construction of wood-  
en passenger coaches in this  
country has practically ceased  
and that steel coaches only will  
be built in the future. From  
January 1 to July 1 of this year  
more than 93 per cent of the pas-  
senger coaches ordered were of  
all steel construction, the rest  
being of steel underframe con-  
struction.

The aggregate annual capacity

of all the companies producing  
steel passenger cars is a total of  
5,300. There are now in use in  
this country between 45,000 and  
50,000 wooden coaches, and at  
present capacity it would require  
nine years urgent operation of  
these plants to replace this wood-  
en equipment. Several bills are  
before Congress proposing to  
compel the exclusive use of steel  
passenger coaches, but the long-  
est period allowed in any of these  
bills for such replacement is but  
five years. It takes from five to  
six months to build a steel pas-  
senger coach.

## MRS. MANGES ESCAPES OPERATION

### How She Was Saved From Surgeon's Knife by Lydia E. Pinkham's Vegetable Compound.

Mogadore, Ohio.—"The first two years I was married I suffered so much from female troubles and bearing down pains that I could not stand on my feet long enough to do my work. The doctor said I would have to undergo an operation, but my husband wanted me to try Lydia E. Pinkham's Vegetable Compound first. I took three bottles and it made me well and strong and I avoided a dreadful operation. I now have two fine healthy children, and I cannot say too much about what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. LEE MANGES, R. F. D. 10, Mogadore, Ohio.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

#### Resolutions of Respect.

At an Emergency session of E. W. Turner Lodge, No. 548, F. and A. M., held at their lodge room in Earlington Ky., Oct. 20th, 1913, the following resolutions were read and adopted.

Whereas, it has pleased Almighty God in his Infinite wisdom to remove from this earthly home to that House not made with hands eternal in the heavens, our beloved brother, Thomas Longstaff, who departed this life Oct. 18th, 1913.

Therefore, Be it resolved that we bow in humble submission to the will of Him who is too wise to err, and to good to wantonly afflict, recognizing the fact that we to must soon die and enter that land from whose bourne no traveler has ever yet returned.

Resolved that we extend our heartfelt sympathy to the stricken family and the sorrowing friends in this sad hour of affliction and bereavement, and

Scene from "Bought and Paid For" at Garrick Theatre, Tuesday night, Oct. 28

for solace and comfort can only point them to Him who hears the widow's cry and notes the sparrow's fall.

Resolved that in the death of Brother Longstaff, this Lodge sustains the loss of an active, cherished member, his family that of a kind, indulgent husband and father, and the community a useful and exemplary citizen.

Resolved that the Lodge-room be draped in mourning and that the members wear the customary badge of sorrow for the next thirty days.

Be it further resolved that a copy of these resolutions be entered upon the minutes of the Lodge, a copy sent to the bereaved family, and a copy furnished the Earlington Board for publication.

### TAKES OF DANDRUFF

#### HAIR STUFFS FALLING

Girls! Try This! Makes hair thick, glossy, fluffy, beautiful—No more itching scalp

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

### Title of Pope.

It is uncertain when the title pope was first used. The earliest instance we can cite, is that of Heraclius, Patriarch of Alexandria, in 222. It is still the ordinary title of parish priests in the eastern Greek church. In the west, it continued for several centuries to be applied to bishops generally, but it was restricted to the Roman pontiff by Gregory VII. in a synod, held at Rome in 1073.

### Women Subject To Kidney Trouble

I Beg to say that I have been a constant sufferer with severe pains in my back and was on the verge of nervous prostration resulting from kidney trouble and other complications. A friend of mine recommended Dr. Kilmer's Swamp-Root as a sure cure for these troubles. Acting upon her advice I began taking Swamp-Root and began to improve before I had finished the first bottle. I continued its use until I had taken several bottles and continued to improve until I was completely cured. I am happy to say that I am as well as any woman on earth and have been so for the past nine years, thanks to Dr. Kilmer's Swamp-Root, and I cheerfully recommend it to all who suffer from kidney trouble.

Very Truly yours,  
MRS. ALVA BAXTER.

**Took Mother Literally.**  
Marian pointed to the glass or cup when she wished a drink, uttering inarticulate sounds intended to convey her desire. She was old enough to talk some, but she had never been taught to ask for a drink. Mother said to her: "When you want a drink, Marian, you say, 'Mamma, or papa, or Hansel, or Mildred, drink up, or Hansel, or Mildred, drink up.' The next time Maria wished a drink she pointed to the cup and said: 'Mamma, papa, Hansel, Mildred, drink up, drink up, drink up!'"

### Practical Ventilating Hint

The house should be ventilated in winter as well as in summer. If the family is to be kept in good health, bedrooms, especially, should be provided with a free circulation of fresh air. One way to get fresh air in a bedroom without having a draft is to tack strips of cheesecloth across the top and the bottom of the window, so that when it is opened in both places the fresh air will enter the room and yet, should there be a strong wind, its force will be broken by the cloth.

**Push Cart Fortune.**  
The proprietor of the finest cafe in Los Angeles formerly sold "hot tamales" from a push cart, and although he is now wealthy, he still preserves this old vehicle. In erecting a business block to house his modern restaurant he built a copola just large enough to contain the old tamale cart, and it may be plainly seen from the street.

### A Gentle and Effective Laxative

### Changing Nature Indirectly

You are constantly assured that you cannot change human nature; that you cannot make people over by process of law. But if you cannot reform men by reforming the conditions that make men what they are, how can you so easily debase and degrade them by reversing the process?—Collier's Weekly.
